

MEMPHIS CHAPTER – AMERICAN GUILD OF ORGANISTS  
*List of Substitute Organists*  
*updated Friday, August 05, 2011*

The following members of the Memphis Chapter of the American Guild of Organists have asked to be referred for work as substitute organists. Guild members abide by the *Code of Ethics* and are to conduct themselves in a professional manner as outlined in the *Code* (a link to this Code may be found on the Memphis Chapter's homepage: [www.agomemphis.org](http://www.agomemphis.org))

There are no set fees for substitute work. Each organist should establish a range of fees which take into consideration the time spent in consultation, preparation of music, travel, as well as the actual performance of the worship service and any rehearsals required. A valuable resource – AGO Salary Guidelines - is available on the national AGO website: [www.agohq.org](http://www.agohq.org).

Since most of our members do not usually employ written contracts for short-term work, financial remuneration should be discussed early on with the contact person representing the church/institution. A clear understanding by both parties of the amount to be paid for services rendered should be reached.

Those needing to contact the organists on this list are asked to do so individually by phone or email, and not send a group email request. Members should respond in a timely manner to inquiries for their services.

**Please notify me of any changes to this list so the information will be kept current.**
